

Kitchen Renovation Checklist

Congratulations, deciding that now is the time to begin that kitchen remodeling project is an exciting and liberating time. To ensure that you experience a smooth renovation free from undue stress and complications please go through the checklist below and make your style and feature choices to the various areas of the kitchen we will be changing for you. You may notice that some of the style and feature choices are not part of your personalized renovation plan so please mark an 'X' in the "not applicable" box for features that are not relevant for your remodeling project at this time.

Mainland Ventures Corp. deals with a variety of reputable and high quality suppliers. Many of these businesses have both on-line showrooms and retail locations in the lower mainland. Please visit www.mainlandventures.ca for a list of the supplier's websites.

Other (You specify):				

If you have an idea of where you would like the various features of your kitchen to be located after the renovation (if they will differ from the pre-renovation location) feel free to sketch it out on the graph area located below. If you would rather have us assist in this drawing or would like to consult with us about ideas, we can work on this with you.
